Ozark Shruglet

Designed by Janice Rosema for Ozark Handspun, December 2007

MATERIALS:

4 (5) Skeins Ozark Handspun Yarn
1 (1,1) Skein Noro Silk Garden
1 Set US Size 15 24-inch circular needles
1 Set US Size 15 19-inch circular needles
1 Shawl pin or decorative closure
1 US Size P Crochet hook
1 Tapestry needle
Stitch markers

INSTRUCTIONS:

Gauge: Approximately 1 1/2 st/inch in both yarns

Notes: When knitting, cast on and bind off in a relaxed fashion. When knitting with the Noro, knit loosely as you want to have a very open lacy look to the sleeves.

Body: Using Size 15 24-inch circular needles and Ozark Handspun, cast on 60 (66,70) st.

(Wrong side) Row 1: Knit across.

(Right side) Row 2: Purl across.

Repeat rows 1 and 2 three times (reverse stockinette stitch) ending on the wrong side.

(Right side) Continue knitting in stockinette fashion until piece measures approximately 18 inches.

Repeat reverse stockinette stitch as above until piece measures approximately 20 inches. Bind off loosely on right side of knitting. Fasten off and bury ends.

Sleeves: Find the center of the body of shruglet and place a marker.

Using size 15 19-inch circular needles and Noro, pick up 30 stitches from the right edge of garment. Join stitches being careful not to twist them, place beginning of row marker. Knit in circular fashion until sleeve measures approximately 13 inches. At this point, you will decrease evenly in this row to end up with 27 stitches on needles. Continue knitting until piece measures approximately 16 inches and decrease evenly in this row to end up with 22 stitches on needles. Loosely bind off.

Create a second sleeve in similar fashion beginning from the center marker (0,3,5) and ending at the left edge of body of garment. When sleeve is complete, bind off.

Using remaining Ozark Handspun, single crochet two rows at sleeve edge. Fasten off and bury ends. For the stitches between the sleeves at the back of shruglet body, fill in with one row of single crochet using Ozark Handspun. Fasten off and bury ends.

At this point, make sure all your ends are buried and add a wonderful millinery flower or shawl pin as a fastener.
